Sponsorship Prospectus

History of COMAD

For close to two decades the COMAD - International Conference on Management of Data, modeled along the lines of ACM SIGMOD, has been the premier international database conference hosted in India. The first COMAD was held in 1989, and it has been held on a nearly annual basis since then. COMAD 2009, as always has a significant international participation, with about 30% of the papers being from outside India, including Europe, USA and East / South-East Asia.

The 15th COMAD is organized by International School of Information Management (ISiM) from December 9-12, 2009 at Infosys Technologies Limited, Mysore, Karnataka, India. Similar to previous years, the scope of COMAD 2009 will include not only traditional database areas but also add emphasis on Web Information Retrieval and Data Mining.

Keynote speakers:

Dr. Rakesh Agrawal
Search Labs, Microsoft Research

Prof. Amr El Abbadi
University of California, Santa Barbara

Prof. Sunita Sarawagi
IIT-Bombay
